

# Jordan

## Jordan, Jericho & Jerusalem

**10 Days**

Join us on this fascinating joint Geography and Religious Studies adventure to the amazing countries of Jordan, Israel and the Occupied Palestinian Territories. We will travel deep into the heart of Jordan's amazing desert landscapes, visit the magical ancient city of Petra, sleep under star-filled desert skies amidst the rugged landscape of Wadi Rum and be bowled over by scenery at the Crusader Castle of Kerak. After descending to 427m below Sea Level at the Dead Sea, we start climbing and cross the Allenby Bridge into Israel and Palestine. Here we explore the classic sites and extra-ordinary history of the Holy Land, including Jericho, Bethlehem, Bethany and Jerusalem. In short, this is an exceptional educational adventure that will stay with you for a long time.

# Your Recommended Educational Journey

Day 1	<b>Depart the UK, Arrive Amman</b> You will be met by on arrival and transferred to your hotel for settling in.	LD
Day 2	<b>Jerash &amp; Amman</b> Today we head 50km north to Jerash, one of the finest examples of a provincial Roman town. The extraordinarily intact remains include a forum, a nymphaeum, hippodrome, two theatres, several temples and the famous Colonnaded Street. We enjoy the excitement of a spectacular chariot race before leaving Jerash and heading north to Umm Qais to look over the Sea of Galilee into Israel.	BLD
Day 3	<b>Kings Highway, Mt Nebo, Madaba, Petra</b> Today we head to Nebo and Madaba, visit Madaba and the Basilica of St. George. In the floor of the church is the remarkable 6th century mosaic map – two million pieces of coloured stone depicting the hills, valleys and towns of the Holy Land. We travel on to Mt Nebo, where we can stand on the site where Moses looked out over the “Promised Land”. From Madaba and Mt Nebo, a drive along the King’s Highway brings us to the best preserved crusader castle in Jordan - Karak. After an exploration of this amazing site, we head further south to our final destination - Petra. Check in to hotel for dinner and overnight.	BLD
Day 4	<b>Petra</b> Today we make our way to the fabled and well-concealed city of Petra where a full day allows us to explore the Treasury, Monastery and the many other amphitheatres for which this amazing site is famed. This is an active day and we should be prepared for a lot of walking, but the huge tombs - all hand carved out of the towering cliff faces - are simply incredible, and are well worth the effort. The 800 steps which lead to the Monastery are a small price to pay for a view of the vast structure rivalling even the Treasury and boasting fantastic views stretching out over the valley below. If we have some energy left, we climb to one of the High Places, the mountain-top altars where ritual sacrifices were made; from here there are spectacular views of the mountains, valleys and canyons below.	BLD
Day 5	<b>Aqaba</b> This morning we follow the Kings Highway to its most southern point, the port town of Aqaba on the Red Sea where we have free time to relax or take an optional boat trip (additional charge) to go snorkelling. The warm and relatively shallow waters of the Red Sea support a series of coral reefs unsurpassed outside Australia’s Great Barrier Reef. Overnight in Aqaba.	BLD
Day 6	<b>Wadi Rum</b> This morning we head back north to the edge of the desert. We transfer to 4WD vehicles and explore the stunning desert environment of Wadi Rum. We camp at the edge of the Wadi Rum protected area, with a backdrop of high mountains and sand dunes. In true desert fashion, we sleep in a traditional Bedouin tent or under the stars. As the sun sets on the rocky outcrops, an astonishing transformation takes place - the sandstone changes hue, passing through a spectrum of yellow, gold, orange, red and finally purple, as the shadows lengthen and the stars come out - the skies will hopefully be clear and the Milky Way, satellites and shooting stars fill the heavens - the perfect opportunity for star-gazing. Bedouin-style camp (communal sleeping arrangement).	BLD

**Day 7****Dana Nature Reserve, Dead Sea**

BLD

Breakfast at the camp then proceed to Dana Nature Reserve. Covering 308 sq. kms and managed by the Royal Society for the Conservation of Nature (RSCN), it is composed of a chain of valleys and mountains which extend from the top of the Jordan Rift Valley down to the desert lowlands of Wadi Araba. We spend time exploring this fascinating reserve, taking a guided walk. The Rummana Trail leads from the campsite to the scenic summit of Rummana (Pomegranate) Mountain. We pass some magnificent rock structures with mysterious mushroom-shaped formations and may see birds of prey, such as the Kestrel, Long-legged Buzzard and Griffon Vulture, soaring along the mountain edge. On our way down from the summit, we see remnants of a military site dating from the Hellenistic period and an old Roman well. The hike down to the campsite continues through a beautiful Juniper forest. After lunch we head to the Dead Sea and visit the Environmental Education Program, a permanent exhibition of the Dead Sea Museum located within the Dead Sea Panoramic Complex. This excellent museum covers all aspects of the Dead Sea including its geological, ecological, archaeological, and historical origins, as well as the future conservation of the Dead Sea. The permanent exhibition hall is divided into four sections corresponding to four different themes: Origins of the Dead Sea, Eco-system, Man and the Dead Sea, and Will the Dead Sea Really Die? We finish the day by heading to the Dead Sea Spa for an overnight stay.

**Day 8****Jericho & Bethlehem**

BLD

Today we cross into Israel at Allenby Bridge, and continue to Jericho for a view of Mount Temptation. Our next stop is Bethany where we visit the house of Martha & Maria and the Tomb of Lazarus. Our final stop today is Bethlehem and visits to the Nativity Church, Milk Grotto and Shepherd Field. Overnight in Bethlehem.

**Day 9****Jerusalem**

BLD

We head to Jerusalem, starting the tour at Mt. Of Olives (Observation point), Church and Garden of Gethsemane, Western Wall, Via Dolorosa and the 5th station, the Church of Holy Sepulchre. We also hope to visit the room of the Last Supper & King David's Tomb. Overnight in Jerusalem.

**Day 10****Amman, fly home**

BL

We head back to Allenby bridge, the crossing point back to Jordan and head to the airport for our return flight back to the UK.

## Look what's included:

- International flights
- All accommodation, transportation and activities
- All food as described above
- Local, bi-lingual, first-aid qualified STC tour leader
- Parent and student trip launch presentation
- Pre-travel training programme
- 1-day offsite safety INSET day for school staff
- ATOL financial protection
- Emergency Medical & Repatriation Insurance

- Group first aid kit and prescription meds pack
- BS8848 safety management and risk assessments
- Detailed pre-departure information and kit lists
- Comprehensive teacher travel packs
- Permanent operations team in your destination
- 24-hour UK operational support whilst overseas
- Donations to two carbon & conservation charities
- Free Fairtrade t-shirt for every participant and teacher
- Free travel guide book to your destination

## What's not included:

- Transport to airport in UK
- Drinks (advice will be given on purification of water)
- Visas or tourist cards if required
- Any required inoculations or Covid tests

- Personal spending money
- Tips for guides, drivers and porters (ask for guidance)
- Airport departure taxes paid locally
- Personal effects and cancellation insurance

## A word about Responsible Tourism

On our expeditions and educational journeys, we strive to connect teachers and students with the people they meet, nurture the cultures they experience and protect the beautiful environments they are lucky enough to explore.

Many companies talk the talk, few truly walk the walk. While we are far from perfect, we are leading the way in sustainability in the school travel sector. In 2018 we were the first UK travel company to become **Travelife Certified** – a verified sustainability certificate formally recognised by the Global Sustainable Tourism Council.

Trees for Life

This is our passion, and we'd love to tell you more about it in due course. In the meantime, for more information on some of the steps we take as a company to make our operations more sustainable, please visit:

<https://www.thestc.co.uk/travel/what-do-we-do/>

## Physical Rating for this trip: Grade 2

Some low level physical activities included in your trip, including walking on uneven terrain, maybe a morning/afternoon trek of two to four hours. That said, no physical preparation is required to make the most of the tour. High humidity and temperatures can occur at certain times of the year.

## Cultural Rating for this trip: Grade 3

Students should expect some culture shock. You'll be exposed to signs of poverty. The food will be quite different to home and English, whilst still spoken, will be less prevalent. Respecting the local culture will make it easier to fit in and get the most out of your trip. We're likely to visit remoter locations on this tour where access to western style services may be sporadic. Often on trips of this grading there are parts of the itinerary which are more remote, interspersed with sections which are more 'comfortable'.

## Travel Safety & Other Pre-Travel Training

Preparing students and teachers for their upcoming adventure is an opportunity to teach important life skills and a vital part of our overall approach to safety management. Please ask for your quote for the training schedule specific to this educational journey. Topics covered will include:

### Responsible Tourism workshop

An interactive workshop covering ethical and sustainable travel dilemmas as well as:

- Long term positive and negative impacts of travel
- Water usage & other resource management
- Cultural considerations
- Ethical volunteering and cultural imperialism

### Travel Safety Training

This is delivered through a series of talks, games, discussions, activities and videos:

- Safety approach and attitude to risk
- Being open about problems
- Health & hygiene
- Specific hazards related to your expedition e.g: dehydration, altitude, bite avoidance etc.
- Money management
- Kit selection, luggage and packing
- Water purification
- Itinerary & activity specific issues
- Fitness expectations / training ideas

# A journey of 1,000 miles...

**Starts with a single step...** Contact us now to start your educational journey

## 1 Ask for your personalised quote & further information

If this itinerary doesn't quite scratch your adventure itch then let us tailor-make one for you. Our wealth of experience and expert in-country contacts means we can design an adventure that's just right for you and your students. Contact us for more information and a detailed quote.

## 2 Ask for risk assessments and marketing materials

We can provide initial risk and threat assessments to help you with your trip approval process. Ask for posters and your Pre-Booking Information Pack too.

## 3 Arrange a trip launch evening

This is a chance for students and parents to hear more about the planned adventure with comprehensive information covering the itinerary, safety management, the build-up to the trip and lots more. There is also plenty of opportunity for questions.

The home of the modern, innovative school expedition, where a sustainable, ethical approach guarantees unique experiences and a life enhancing adventure.

Our school trips and educational tours are all about maximising the learning opportunities of travel. It's all here, the humble school tour has just come of age.

Adventures, holidays and cultural journeys for teachers looking to 'Escape the Classroom' and discover more about our amazing world, its people and places.

*"I am being completely serious when I say that I won't ever run a school trip without you guys. I trust you and your team completely - and the in-country staff that you carefully cultivate and train are a cut above the rest."*

**Teacher feedback, King's High Warwick**
