Arrive Hanoi

On arrival, we are met at the airport and transferred to our hotel to check in. This evening we have a welcome dinner and a briefing from our Vietnamese trip leader.

Day

Start trek in Pu Luong Nature Reserve, homestay

This morning we have an early start at around 8am and leave Hanoi for the drive to Mai Chau. On arrival in Poom Coong village (around noon), we have lunch and transfer about an hour to the start of our trek. Our trek takes us through the beautiful Pu Luong nature reserve. This area is less frequented than the usual 'hill tribe' trekking areas of Sapa, and is an exceptional place to spend a few days getting used to rural Vietnam.

The trek is of an intermediate level with some hills but the effort is worth it as we are rewarded with spectacular views of the local villages, rice terraces and lush forests. After three hours we arrive at our village and the Thai stilt house that will be our overnight accommodation. The rest of the afternoon is free to rest and shower before a traditional welcome dinner with our host family.

Today is a 5 to 6 hour trek through more gems of Pu Luong, including beautiful valleys, rice terraces and peaceful villages where traditional life goes on as it has done for decades. We stop for our picnic lunch then continue our trek through more villages to reach Hieu village - the most beautiful and remote hamlet in Pu Luong Nature Reserve. Here we rest and have some time to stroll around the village to meet the locals and visit the beautiful waterfall nearby. In the afternoon we head back to our homestay for dinner and overnight.

Your educational journey timeline

Physical journey rating:

Moderate physical activities are included in Grade 3 trips. Good health and reasonable fitness are important to get the most out of the trip. Trips of this grading are likely to include some walking at moderate altitude (up to 2,500m) and occasional longer/harder days may be involved, with between five and seven hours of walking on certain days. The trip may contain other activities such as cycling or rafting which also require physical effort and a reasonable level of fitness. Some steady preparation and an increase if your underlying fitness levels would help you get the most from this grade trip.

Culture shock rating:

Students should expect some culture shock. You'll be exposed to signs of poverty. The food will be quite different to home and English, whilst still spoken, will be less prevalent. Respecting the local culture will make it easier to fit in and get the most out of your trip. We're likely to visit remoter locations on this tour where access to western style services may be sporadic. Often on trips of this grading there are parts of the itinerary which are more remote, interspersed with sections which are more 'comfortable'.
