About STC Escapes

STC Escapes is part of the STC Expeditions family. We've been organising adventurous school trips and expeditions since 2006. Over the years we have helped school groups summit 6000m peaks in the Himalaya and visit remote tribes deep in the rainforest clad interior of Venezuela. Not all the school trips we arrange are as adventurous as these, yet wherever we operate our key goal is to provide an exceptional educational travel experience.

Escape the Classroom

The idea for **STC Escapes** and our range of holidays to *Escape the Classroom* came from our loyal tribe of teachers. We were tasked with providing an opportunity for teachers to travel together, relax, have fun and explore the world – without having to worry about looking after students at the same time! STC Escapes is about taking a group of teachers on an amazing adventure, helping you return to the classroom feeling refreshed and inspired.

Trip Grading

Physical Rating: 2/5

Grade 2: Some low-level physical activities included in your trip, including walking on uneven terrain, maybe a morning/afternoon trek of two to four hours. That said, no physical preparation is required to make the most of the tour. High humidity and temperatures can occur at certain times of the year.

Cultural Rating: 4/5

Grade 4: English is unlikely to be widely spoken and the food will be quite different to home, perhaps for extended sections of the trip. You should observe local customs so as not to cause offence. You may be exposed to signs of poverty and some accommodation may have basic facilities. Destinations and trips at this level are likely to involve lots of cultural interaction, perhaps living alongside local people or hosted by families in homestays. This is a fantastic opportunity to see a very different part of the world.

Comfort Rating: 4/5

Grade 4: Whilst some of the homestays may have basic facilities, the accommodation on this trip is likely to be at a comfortable 3-4* standard with some nights in more luxurious hotels or guesthouses. You are likely to have access to showers and washing facilities throughout the itinerary. Journey times are generally only a few hours at a time in private vehicles.

Climate

Being a tropical country, Vietnam's climate is generally hot and humid, with temperatures around the low 30°Cs. The main weather pattern is determined by two monsoon seasons affecting the north and south of the country at different times. From April to October, the south-western monsoon brings warm, humid weather and significant amounts of rain to the whole country except for those areas sheltered by central mountains.

The winter season begins around October-November, bringing cooler and mostly dry days. Rain is possible at any time so we suggest you pack a waterproof jacket / poncho with a hood for all departures although these can be purchased cheaply anywhere in Vietnam. Average temperatures are 17-22°C.

For more information on Vietnam climate, please visit the World Meteorological Organization (WMO) website:

<http://worldweather.wmo.int/en/city.html?cityid=308>

Accommodation

- Homestays – these are traditional homes, usually on stilts, situated in more remote areas and often with basic facilities. Beds, linens and blankets are provided, but you should bring a sleeping bag liner.
- Hotels/guest houses – 2-4* twin sharing

Day 12 (Fri 1st Nov) Depart Hanoi

On our last morning in Vietnam there will be time to visit any remaining sights of interest or pick up souvenirs from the market. We transfer to the airport around midday for our return flight.

Meals: B & Water-to-Go

Day 13 (Sat 2nd Nov) Arrive UK

We arrive back in the UK mid-morning.

Whilst every effort will be made to follow this schedule, in the event of unforeseen problems there may be slight changes made. We will do our best to make your trip as enjoyable and hassle-free as possible.

Single supplement

Accommodation will be allocated on a twin sharing and 'single sex' basis. If travelling with a friend or partner, you will be able to request to share your room with them.

You can purchase a single supplement if you wish (not possible in traditional homestay nights 3-4) at an additional £200. This will be added on to your final balance payment.

Food

Vietnam is famous for its culinary delights and there will be plenty of opportunity to try traditional dishes at restaurants or local delicacies served family style at homestays. The national dish is 'pho', a noodle soup eaten any time of day consisting of a salty broth, fresh rice noodles, herbs and chicken or beef.

Breakfast, lunch and dinner are included as set out in the itinerary. This does not include dinner or lunch on Cat Ba Island (Day 8-9), where you are welcome to explore and enjoy dinner in smaller groups.

Breakfast – fruit, eggs, sticky rice, pho, Banh Mi (Vietnamese bread) and tea or coffee.

Lunch & Dinner – usually a large selection of small dishes such as pho, spring rolls, rice and raw, steamed or pickled vegetables.

Dietary requirements can almost always be catered for so long as you inform us with enough notice. Please record any allergies or dietary requirements on your online booking form.

Modes of Travel

Transport on this trip will be by:

- Private coach or minibus
- Trekking
- Cycling

Trekking: This mode of transport is as old as time and is tried and tested to ensure you can absorb all the environment has to offer! Your feet, legs and back may get sore with the miles racked up so look after them! If you're carrying a bag you may get sores on your shoulders or bottom of your back due to the sweat. However, trekking can take you to amazing remote locations - places that trucks and bikes simply can't. Yes, there is a physical price to pay for the great rewards, but you will have earned the feeling of accomplishment afterwards. A great bonus is that often you're away from light pollution and the stars will be utterly fantastic!

Cycling: A great way to cover lots of ground quickly whilst being immersed into a culture. Cruising along with the wind in your hair (and helmet!) eating flying bugs as you go! What more could you want? Remember you will get hot and sweaty as it can be quite strenuous, especially when you start to go uphill. Make sure you stay hydrated and eat/sleep well! We always have a support team and vehicle on our cycling trips.

Country overview

Vietnam is a fascinating country at the heart of Indochina. A country of inspirational landscapes, culture, history and cuisine and a perfect destination for an active educational journey or adventurous school expedition. Its landscapes, ranging from jagged mountains and brilliant green rice fields, to the limestone pinnacles of Halong Bay and idyllic palm fringed beaches are a sheer joy to behold. However, what makes Vietnam really special and what turns a beautiful country into a stunning travel experience, are the Vietnamese people. Their warm and welcoming nature, as well as their mouth-watering cuisine puts the seal on one of Asia's best destinations.

Geography

Vietnam occupies the eastern and southern part of the Indochinese peninsula in Southeast Asia, with the South China Sea along its entire coast. China is to the north and Laos and Cambodia are to the west. Long and narrow on a north-south axis, Vietnam is slightly smaller than Germany in size. Vietnam holds great geographical variety within its borders including a continuous mountain range along its western border, tropical forests, dramatic limestone landscapes and the vast and intricate river Delta.

Vietnam

Cultural considerations

Handshaking and a vocal greeting are normal. Clothing should be kept simple and informal. When walking or sightseeing around town, shorts should be avoided if possible, as they are usually only worn by children. Footwear should be removed when entering Buddhist pagodas. It is impolite to touch Vietnamese people on the head. It is courteous to ask permission first before taking photographs of people. See www.guide.culturecrossing.net for more information.

Regulations & Red Tape

If you are planning to enter Vietnam for more than 15 days, you are required to obtain a visa. As of 1 July 2015, British passport holders travelling for tourism or business will be able to enter Vietnam for up to 15 days without a visa. More information on how to obtain visas for Vietnam can be found at www.vietnamembassy.org.uk Alternatively, please contact the visa courier agency Travcour for more information on the services they provide in arranging visas (Tel: 020 8543 1846, or visit www.travcour.com). Please note that for security reasons, it is advisable to carry copies of documents rather than originals when in Vietnam.
